

Welcome To Mango inSchool

"Working with Mango inSchool Photography has been a pleasure. They made the whole process great fun for all involved. Adele makes the children very relaxed and happy which brings the best out of them in their photos. The response from parents over the last 2 years has been quite phenomenal - we have increased the amount of commission earned by nearly 80%."

Who are we?

We are Mango inSchool Photography; we specialise in individual, group and marketing photography for primary schools in Northamptonshire, Warwickshire and the surrounding area. Nearly 6 years ago, we joined forces to revolutionise school photography.

We decided school photos didn't have to be 'boring' and together we could change the face of school photography and produce high quality photos that parents would want to display on their walls. As a small business, customer satisfaction and exceeding expectations is at the heart of everything we do. We are proud of our photos and bring a personal but professional service to all the schools we work with.

What is our mission?

- ☆ To delivery studio quality photos in school
- ☆ To help schools generate maximum commission
- ☆ To make photos hassle free for our schools
- ☆ To produce captivating images that parent love
